I am writing to you today to introduce the joint initiative of The **Europe Medical Association (EMA)** and Socrates Nomination Committee – International Awards for the medical sphere, the “Rose of Paracelsus” and Certificate of “Best medical practice”. I’m honoured to inform you that you have been chosen as one of the prominent representative of regional healthcare.

The Socrates Committee has recommended Institutul National de Medicina Complementara si Alternativa Bucuresti for the prestigious **international award in the healthcare sphere ‘Rose of Paracelsus’**. This is in recognition of your excellent reputation, safe and effective treatment methods, highly professional medical staff and modern equipment. This award will be granted to the best clinics and practitioners whose professionalism is confirmed, not only by formal standards, but by the trust of clients.

‘Rose of Paracelsus’ award recipients are also eligible for the EMA accreditation certificate, “**Best Medical Practice**”, the symbol of reliability for a medical institution or doctor. You’ll also be granted a right to use the EMA logo, award image and certificate on your website and on advertising materials including letterheads and brochures.

Selected healthcare providers will be invited to the EMA and The Best Medical Practice project special session (Dubai, UAE, 30-31 January 2017). The programme includes Best Medical Practice presentation, EMA official reception, the main annual Middle East healthcare event – Arab Health Congress (more details: [www.arabhealthonline.com](http://www.arabhealthonline.com)) and visit to the UAE leading medical institutions.

The EMA certified clinics and doctors will have the opportunity to present their own successes in the working panel of the event. The session and delegation will be chaired by President of Europe Medical Association, Dr. Vincenzo Costigliola.
