To CEO
Institutul National de Medicina Complementara si Alternativa Bucuresti

Dear Sir/Madam,

The Europe Business Assembly marketing team and experts in cooperation with Swiss Institute for Quality Standards (SIQS), as well as the International Club of Leaders (ICL), have selected regional dynamic healthcare companies which have successfully followed modern management trends and maintain a high quality in ethics.

Your institution has shown high standards according the following SIQS criteria: a high level of healthcare services, quality of managerial and treatment processes, and a high quality in control and patients' satisfaction level. Your company has been recommended for the **International Quality Certificate (SIQS)**. SIQS confirms high quality and competitiveness of services and methods provided by the company. The SIQS certified production and services are recommended by international experts to the world market.

The Certificate holders can use the SIQS logo on all printed and promotional materials for one year, which shows to its customers, suppliers and partners that the highest accolade to be acclaimed by the healthcare establishment has been achieved.

Your institution is eligible to receive the Certificate and is invited to proceed in the registration by contacting us before March, 27.

The Certificate will be presented at the Achievements Forum taking place on the 21st of April in Institute of Directors, London, UK. The Institute of Directors has long been recognised as an influential and respected membership organisation in the UK.

During the Forum you will have the opportunity to meet potential European investors, partners and find new regional markets. You will get the unique opportunity of face-to face personal meetings with Europe's top officials involved in international relations and healthcare. The programme is attached.

We will be glad to see you among the forum and its participants, and hope you will find it useful for future success.

In case you are not able to attend, you can choose a distant certification procedure and the Certificate will be delivered to the appointed address.
